R980AT

Ranger

Tire Changer
SKU# 5140147
Swing Arm, Single-Tower Assist , 30" Capacity, 220V, 1-Phase, 50/60hz

Power Assist Perfection + Tire Changer Protection

The R980AT tire changer, a popular alternative to the R980XR, is easy to operate, rugged and equipped with a power assist tower to help when mounting low-profile performance tires.

The Ranger NextGen™ series R980AT tire changer performs masterfully on a wide variety of wheels, including virtually all OEM configurations and performance tire and wheel configurations. Its power assist tower is an absolute must-have feature if you work with low-profile and high-performance wheel configurations. The R980AT features the latest in design and wheel service technology, and it provides the best value and performance in its class.
