The Perfect Air Supply for Your Lift

The industrial-grade WSA-100 utility station adds air and electric capabilities to any BendPak lift. Simple, safe and extremely easy-to-use, this air /electric workstation is an essential accessory for your garage or shop and increases the usefulness of your BendPak [car lift](#). Includes four electrical outlets and specialized air service outlets, one for tire inflation and one just for pneumatic tools.

Features

- Easy to install
- Adapts to any two-post lift and four-post lift
- Electrical outlets equipped with 20 amp industrial GFI protection
- Electrical outlets located above the air service to prevent moisture damage and tangling
- Air service through 2 outlets: one lubricated for tire inflation and one for pneumatic tools
- Air service filter element and lubricator filler port are easily accessible
- Nickel-plated ball valve shutoff
- Powder-coated finish for durability and long life
- Four 110V GFI outlets
- Oiler
- Air supply
- Pressure gauge
- Storage hooks for hose and tools
- Regulator / filter
- Air inlet
